

Dear Friends,

Wow, here comes Fall and it seems Summer just started. Well, we are planning some fun times for you and it starts with the Dorothy Fagan show in the article to the right. This is a "must see and enjoy" event that I hope you will plan to attend.

Please come in and meet "Matilda", Hank Mook's latest creation.

On page two is an article on how you can preview some of the art from our gallery on our website. And lastly a framing special.

I hope to see you at our reception on Sept. 7th.

Fred

Dorothy Fagan: Goddess Stepping Out

Dorothy Fagan is one of the most respected artists in Tidewater and we are excited and pleased to have her as our featured artist at the start of the fall season. **"Dorothy Fagan: Goddess Stepping out"** will open on September 7 and be on display until October 20, 2018. The show will feature some of her work of Italian scenes created over the past couple years.

Goddess Stepping Out

Dorothy Fagan

In her statement for the inspiration of the show Dorothy says "My husband and I made two trips to Tuscany, living in the hilltop village of Poggio Alla Croce for two months in 2015 and 2017. And I traveled to Sorrento the following Easter for a week of watercolor painting with my Italian friend Antonella. Letting people touch my heart, truly helped me restructure the colors of my palette ~ and my life.

Patchwork Stair Steps Dorothy Fagan

I hope you can see a vibrancy and radiance in the colors of these newest paintings. They express a marriage of my love of abstract pattern, spiritual symbols, and the landscape." I think you will agree the vibrancy and radiance of these new paintings make them quite special.

"Dorothy Fagan: Goddess Stepping Out" will open with a reception **5-7pm on Friday, September 7, 2018** in the gallery at 1303 Jamestown Road, Williamsburg. The artist will be on hand to discuss her work with you, refreshments will be served, and a good time will be had by all. I hope you will join us for this exciting opening.

Hank Mook's "Matilda" Must Be Seen to be Appreciated

She is nearly 4 feet tall and an attention magnet that will amaze and amuse your friends, and children. "Matilda" is the newest creation of Hank Mook in his continuing pursuit of the per-fectly engaging sculpture in papier maché.

Also new from the papier mache master is "The Owl and The Pussycat" in their green boat. I'm sure you will enjoy seeing them, and possibly taking them home.

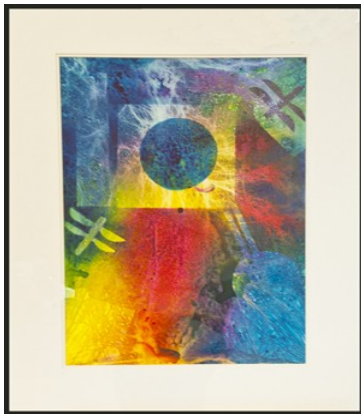

Matilda Hank Mook

You Can View Some Of Our Art Online

I have begun building more content for our website recently and the first thing is a way to view some of the artwork we have in our Gallery. I have built page for several of our artists so far and plan to keep moving with the rest very soon.

I don't really think we will sell art there but rather if you are interested in a particular artist you will be able to preview what you can see in the gallery. And, by browsing other artist's pages you can find some items you might not be familiar with, or show pieces to somebody else who might be in on your decision to purchase without them having to come to the gallery to see them.

Journey of the Butterfly Monti Sikes

The Maya of Chichicastenango
#211.18 by Jan Ledbetter

Just go to WilliamsburgArt.com point and click on "Artists" and select and click the artist you are interested in and go to their page. Click on one of the images and it will enlarge for better viewing.

It is not as good as visiting the gallery to view the art but it is a good way to preview what you can find when you come in. Now I hope I can keep it updated.

Coupon

Present this coupon by **September 30, 2018** and get your diploma framed with a **20% discount**.

Sometimes procrastination has its reward.

It's Not Too Late to Frame The Diploma

Remember your offspring's diploma you were meaning to get framed right after it was awarded? Well if you are still trying to get around to it I have some good news for you; We have decided to reward your procrastination with a special deal.

Bring in a diploma for framing and we will give you a 20% discount on a very special frame.

We create custom designs for many schools and colleges that have mats in the school's colors and sometimes they include additional pictures such as the panorama of the Wren Yard as above, a campus scene you have taken or the graduate in graduation robes. It can be a favorite piece of memorabilia for many years to come.
